

A Broadridge Company

BONDGPT+

BondGPT+

Empowering sophisticated enterprise clients with custom generative AI solutions

BondGPT+ builds on the award-winning launch of BondGPT with seamless enterprise integration and premium usability features.

DATA INTEGRATION

Get easier access to critical information with seamless integration of your proprietary data and other third-party datasets.

WORKFLOW INTEGRATION

Integrate into your enterprise applications, including trading workflows, with multiple implementation options.

SECURITY

Benefit from architectural design that ensures data security and privacy.

ACCURACY

Rely on curated, verified data sources which eliminate hallucinations. Understand how responses are generated with “show your work” functionality.

CONTROL

Client administrators gain the ability to configure compliance rules and levels of data access through user- and firm-level entitlements.

PERSONALIZATION

The personalized BondGPT+ dashboard with resizable answer panels allows users to save and auto-run critical questions and tailor BondGPT+ to their requirements with preferences.

TRADE SMARTER.

INFORMATION SECURITY AND COMPLIANCE

As a Broadridge company, information security in BondGPT is a paramount concern for LTX. Broadridge is one of a select group of US companies that are ISO 27001 certified and CSA STAR Level 2 Certified (Cloud Security Alliance Security Trust Assurance and Risk).

Client queries into BondGPT leverage OpenAI GPT-4 using Broadridge's OpenAI enterprise services account. All data is anonymized before being sent to OpenAI. OpenAI is prohibited from using any client content to develop or improve the OpenAI services.

LTX operates from a registered broker dealer and adheres to a three-year communication retention requirement.
